

CADILLAC RECLINER

The Cadillac Recliner is New Zealand's first choice Recliner. Offering the ultimate of seating comfort with the use of high resilient foam with a layer of high quality memory foam over the seat and back, specifically designed to reduce the chance of pressure sores and discomfort. It has been said These chairs are fantastic, they are lightweight, easy to wheel around and so comfortable for our residents. They have made a major difference and had such a positive impact on the quality of life of the residents who have found the chairs so comfortable and can participate in the daily life at the home. The Cadillac is Perfect for Hospitals, Day stay clinics, Rest homes and DHB's.
